Feeds

Primary feeds

Merchant Center uses primary feeds to display your products on Google. Use primary feeds to upload your product data to Merchant Center using text (.txt) files, XML (.xml) files, Google Sheets, or the Google Content API for Shopping. [Learn more](#)

+ Add

Feed name	Feed type	Input method	Last upload date	Country of sale	Content language
No results					

Supplemental feeds

Use supplemental feeds as a secondary data source to provide additional attributes to your primary feeds, or to provide additional data that you want to use in Feed Rules.

[ADD SUPPLEMENTAL FEED](#)

Feed name	Feed type	Input method	Last upload date	Used in
-----------	-----------	--------------	------------------	---------

Модули

← New primary feed

Basic information — 2 Name and input method — 3 Setup

Name your feed and choose an input method.

Primary feed name
MY TEST FEED

Choose a descriptive name that helps you understand the content of the feed. The feed name does not need to match the name of the actual file you're submitting.

Choose how to set up your feed and connect your data to Merchant Center.

Google Sheets
You'll make updates to your product data in a Google Sheet, and they'll automatically be applied to your account. [Learn more](#)

Scheduled fetch
You'll host a file on your website that contains data and schedule a regular time for Google to fetch updates. Updates are only applied to your account when the fetch occurs. [Learn more](#)

Upload
You'll keep a file on your computer that contains data and regularly upload it to your account through SFTP, FTP, Google Cloud Storage, or a manual upload. [Learn more](#)

Content API
The Content API for Shopping enables you to automatically upload product listings and so make your products easily discoverable through Google Shopping. [Learn more](#)

Username (optional)

Password (optional)

The name you enter here must exactly match the file name you submit to Merchant Center if submitting via SFTP, FTP, or Google Cloud Storage.

A fully qualified URL to access your file. For example ftp://www.mydomain.com/products.txt.

maneFeed 5 – Google XML Product Feed Generator for OpenCart 2, OpenCart 3

Размещение стандартного фида в Google Merchant Center для версий модуля

7. Нажмите продолжить, чтобы завершить добавление фида

The screenshot shows the Google Merchant Center interface. The left sidebar contains navigation options: Home, Opportunities, Business information, Products, Tax, Shipping, and Shopping ads. The 'Products' section is active, and the 'Feeds' sub-tab is selected. The main content area is titled 'Feeds' and includes a 'Primary feeds' section with a description and a '+ Add feed' button. Below this is a table of existing feeds.

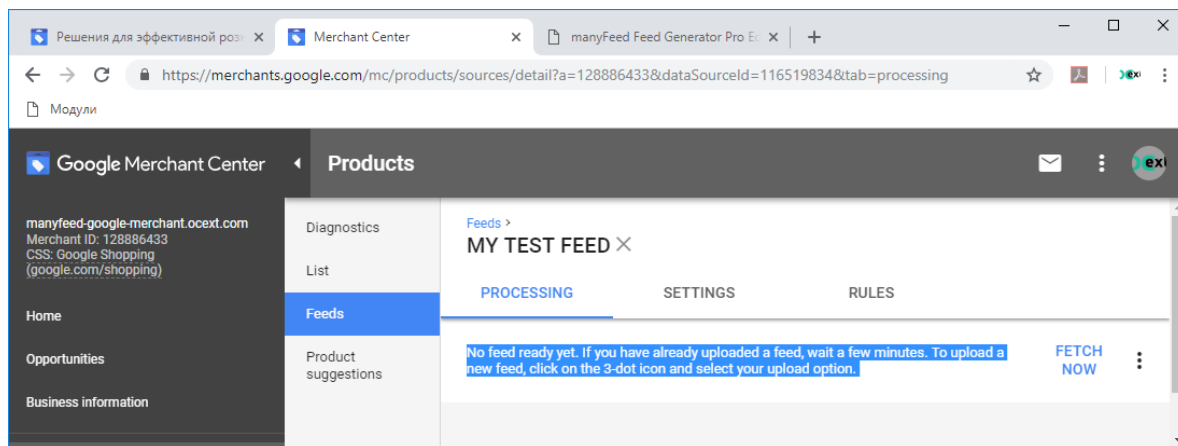

Feed name	Feed type	Input method	Last upload date	Country of sale	Content language	Destination
MY TEST FEED	Online products	File	-	France	English	Shopping ads

Below the table, there is a section for 'Supplemental feeds' with a description and an 'ADD SUPPLEMENTAL FEED' button. The table below this section is empty, showing 'No results'.
